Principal's Office

It has been a great joy having our students back in the building for another exciting year at PJP! We met with all students to review the need to respect one another and look out for each other. We stressed the importance of making sure everyone feels welcome, supported and seen. Please speak with your student about having a positive attitude and reaching out to students who seem to have had trouble finding someone to connect with, especially at lunch. If students are concerned about one another, please encourage them to reach out to guidance, a favorite teacher or to make a report in Safe to Say.

As a reminder, we, with the support of our new Superintendent, will be strictly enforcing the cell phone policy we currently have in place which can be found in our handbook located on our website. Cell phones may be kept in backpacks or locked lockers. Cell phones may not be used in classrooms or hallways. Smart watches must be placed in backpacks when requested by teachers especially during testing. Students may not have AirPods or other listening devices in their ears while walking throughout the building. Cell phones, smart watches, or headphones being used in violation of the policy will be confiscated and demerits and a detention will be issued.

We appreciate your support of this policy as we try to create a welcoming space where students can learn without distractions and spend time talking with each other and supporting one another!

We also spoke to our students about adhering to the dress code and taking pride in their appearance. Dress code demerits will be issued for those in violation of the uniform policy. Skorts found to be shorter than one inch above the knee will need to be replaced.

As a reminder, Back to School night is Thursday from 6-8pm. Please make an effort to attend.

Academic Affairs

Back to School night is this coming Thursday from 6-8 p.m. Join us for an opportunity to walk through

your student's roster and meet each of their teachers. A representative from Montgomery County Community College will be in the Panthers' Learning Center, where students report for these asynchronous courses, to meet and speak with parents who may have questions about the Dual Enrollment classes their child is enrolled in.

Schoology or PowerSchool?

PJP utilizes two student management systems: Schoology and PowerSchool. While they are connected, they serve different functions for our students and faculty. PowerSchool is the gradebook of record, and the place to complete school forms, view attendance, and your student's schedule. Schoology is the Learning Management System, and is best used to view the most up-to-date grades and your student's course information and calendar.

PowerSchool account information was shared before the opening of school, and Schoology information were sent by e-mail this morning. If you have any questions or are having difficulty accessing either account, please contact Mrs. Maureen Gray at mgray@pjphs.org.

Panthers' Learning Center

Homework is an important part of the educational experience because it gives students an opportunity to practice concepts taught that day, promotes retention of material, and helps students develop time management skills. Many teachers offer students points for completing assignments on time and to the best of their abilities which can really help their grades throughout the year.

To help students be successful in their classes, it is best to:

- Use a planner, labeled Google Doc, or phone reminders to keep track of homework assignments.
- Double check the Schoology to-do list each day with family members.
- Communicate with teachers through email or in-person before class if students have questions or need extra help.
- Visit the Panthers' Learning Center after lunch or before/after school to complete assignments and receive support on assignment completion.
- If assignments are submitted late, students should email their teachers to let them know the assignment has been submitted.

Students are welcome to visit the Panthers' Learning Center throughout the day from 7:00-7:40am, during lunch periods after they are finished eating, and after school until 4:00pm for quiet study. The PLC team is also happy to meet with students anytime to support them in their daily work. For any questions about academic support, please contact Mr. Rogers at jrogers@pjphs.org.

Office of School Ministry

I hope your students had a great first week of school! Our theme for this school year, which your student learned about during our opening prayer service, is "Do Not Be Afraid to Be Saints!" This theme is inspired by our patron, Pope John Paul II, who encouraged the youth at World Youth Day to pray, assist the poor, and celebrate the sacraments.

This week we will be helping the students to not be afraid to be saints through Confessions. We have 25 priests joining us on Wednesday and Thursday so your son and daughter can have their confessions heard and receive the loving mercy of God!

As we begin a new school year, we are excited to partner with you in your student's education. To ensure that we have all the necessary information to support your student, we kindly ask that you complete the required school forms for the 2024-2025 school year.

Customarily at the beginning of the school year, PJP students return from their first day of school with a packet of school forms to have signed by their parents. We are happy to inform you that the 2024-2025 school year forms will be completed electronically through PowerSchool. Forms include data updates, Archdiocesan Forms, and Pope John Paul II High School forms.

Both students and parents will be required to complete their own set of forms. Please review How to Complete Your Required Forms for further details. All 2024-2025 school forms must be completed by both students and parents by Friday, September 13, 2024.

In the event that you have trouble accessing the PowerSchool, please contact Mrs. Maureen Gray, mgray@pjphs.org, or Mrs. Megan Sullivan, msullivan@pjphs.org.

Included in the list of PJP forms is our Handbook Acknowledgment. A link to the 2024-2025 Student Handbook is included with the acknowledgment below. Modifications to the handbook were reviewed with students during their class meetings at the beginning of the school year.

Thank you for your prompt attention to these important forms. Your cooperation ensures that we can provide the best possible experience for your student this school year. Please review the list of Student Handbook Changes for 2024-2025 below. If you have any questions or need assistance, please do not hesitate to contact us. NexTrex Recycling Challenge

Dear families:

We are excited to announce that PJP II High School will be participating in the NexTrex Recycling Challenge, a fantastic initiative hosted by the Trex Company. Since 2006, Trex has been leading the way in educating the public on the importance of plastic film recycling through school and community programs and we are thrilled to be a part of it this year.

What is the NexTrex Recycling Challenge?

The NexTrex Recycling Challenge aims to promote the recycling of plastic films, a significant yet often overlooked component of our daily waste. Our challenge period runs until May 7, 2025. During this time, we will work together to collect and recycle a minimum of 1,000 pounds of plastic film. If we reach this goal our school will be rewarded with a beautiful Trex bench made from recycled materials.

How Can You Help?

We need your support to make this initiative a success. Here's how you can get involved:

1. **Collect Eligible Plastic Film:** Most polyethylene (PE) plastic film and bags, labeled as #2 or #4 are recyclable. Please ensure all plastic is clean, dry and free of food residue. While many types of plastic film are accepted, there are some exceptions. Please see the attached infographic for more details on what IS and IS NOT recyclable
2. **Drop-off Locations:** You can bring your collected plastic film to PJP; collection containers are located in the main foyer, Legacy atrium, and auditorium lobby.
3. **Spread the Word:** Encourage your friends, family, and community members to join us in this recycling effort. The more people involved, the greater our impact!

Sportsmanship and Fan Behavior

As the new year of athletics begins please remember that even as fans we set the tone for how we are perceived in the league. Scream, yell, shout and cheer in support of your student athlete not against the other team or officials. There is a massive shortage of officials in most sports, so we need to do the best we can to not jeopardize officials choosing to officiate our games. They are humans, and many calls are subjective. There are going to be times they get it wrong, but we need to respect they are here when many others choose not to be.

Athletic Schedules

The site at the link below gets updated in real time, and you can subscribe to receive alerts when there are changes made to games. Varsity and JV schedules can be viewed here. Go to the sport you are interested in (it automatically defaults to varsity), look for the toggle menu for Varsity and JV, select JV from the menu and click switch teams.
